Borrower Name:

Section 6: Acknowledgments and Agreements.

This section tells you about your legal obligations when you sign this application.

Acknowledgments and Agreements

Definitions:

- "Lender" includes the Lender's agents, service providers, and any of their successors and assigns.
- "Other Loan Participants" includes (i) any actual or potential owners of a loan resulting from this application (the "Loan"), (ii) acquirers of any beneficial or other interest in the Loan, (iii) any mortgage insurer, (iv) any guarantor, (v) any servicer of the Loan, and (vi) any of these parties' service providers, successors or assigns.

I agree to, acknowledge, and represent the following:

(1) The Complete Information for this Application

- The information I have provided in this application is true, accurate, and complete as of the date I signed this application.
- If the information I submitted changes or I have new information before closing of the Loan, I must change and supplement this application, including providing any updated/supplemented real estate sales contract.
- For purchase transactions: The terms and conditions of any real estate sales contract signed by me in connection with this application are true, accurate, and complete to the best of my knowledge and belief. I have not entered into any other agreement, written or oral, in connection with this real estate transaction.
- The Lender and Other Loan Participants may rely on the information contained in the application before and after closing of the Loan.
- Any intentional or negligent misrepresentation of information may result in the imposition of:
 - (a) civil liability on me, including monetary damages, if a person suffers any loss because the person relied on any misrepresentation that I have made on this application, and/or
 - (b) criminal penalties on me including, but not limited to, fine or imprisonment or both under the provisions of Federal law (18 U.S.C. §§ 1001 *et seq.*).

(2) The Property's Security

The Loan I have applied for in this application will be secured by a mortgage or deed of trust which provides the Lender a security interest in the property described in this application.

(3) The Property's Appraisal, Value, and Condition

- Any appraisal or value of the property obtained by the Lender is for use by the Lender and Other Loan Participants.
- The Lender and Other Loan Participants have not made any representation or warranty, express or implied, to me about the property, its condition, or its value.

(4) Electronic Records and Signatures

- The Lender and Other Loan Participants may keep any paper record and/or electronic record of this application, whether or not the Loan is approved.

- If this application is created as (or converted into) an "electronic application", I consent to the use of "electronic records" and "electronic signatures" as the terms are defined in and governed by applicable Federal and/or state electronic transactions laws.
- I intend to sign and have signed this application either using my:
 - (a) electronic signature; or
 - (b) a written signature and agree that if a paper version of this application is converted into an electronic application, the application will be an electronic record, and the representation of my written signature on this application will be my binding electronic signature.
- I agree that the application, if delivered or transmitted to the Lender or Other Loan Participants as an electronic record with my electronic signature, will be as effective and enforceable as a paper application signed by me in writing.

(5) Delinquency

- The Lender and Other Loan Participants may report information about my account to credit bureaus. Late payments, missed payments, or other defaults on my account may be reflected in my credit report and will likely affect my credit score.
- If I have trouble making my payments I understand that I may contact a HUD-approved housing counseling organization for advice about actions I can take to meet my mortgage obligations.

(6) Authorization for Use and Sharing of Information

By signing below, in addition to the representations and agreements made above, I expressly authorize the Lender and Other Loan Participants to obtain, use, and share with each other (i) the loan application and related loan information and documentation, (ii) a consumer credit report on me, and (iii) my tax return information, as necessary to perform the actions listed below, for so long as they have an interest in my loan or its servicing:

- (a) process and underwrite my loan;
- (b) verify any data contained in my consumer credit report, my loan application and other information supporting my loan application;
- (c) inform credit and investment decisions by the Lender and Other Loan Participants;
- (d) perform audit, quality control, and legal compliance analysis and reviews;
- (e) perform analysis and modeling for risk assessments;
- (f) monitor the account for this loan for potential delinquencies and determine any assistance that may be available to me; and
- (g) other actions permissible under applicable law.

This section asks about your ethnicity, sex, and race.

Demographic Information of Borrower

The purpose of collecting this information is to help ensure that all applicants are treated fairly and that the housing needs of communities and neighborhoods are being fulfilled. For residential mortgage lending, Federal law requires that we ask applicants for their demographic information (ethnicity, sex, and race) in order to monitor our compliance with equal credit opportunity, fair housing, and home mortgage disclosure laws. You are not required to provide this information, but are encouraged to do so. You may select one or more designations for "Ethnicity" and one or more designations for "Race." **The law provides that we may not discriminate** on the basis of this information, or on whether you choose to provide it. However, if you choose not to provide the information and you have made this application in person, Federal regulations require us to note your ethnicity, sex, and race on the basis of visual observation or surname. The law also provides that we may not discriminate on the basis of age or marital status information you provide in this application. If you do not wish to provide some or all of this information, please check below.

Consumer Financial
Protection Bureau

An official publication of the U.S. government

How to use the booklet

When you and your mortgage lender discuss adjustable-rate mortgages (ARMs), you receive a copy of this booklet. When you apply for an ARM loan, you receive a Loan Estimate. You can request and receive multiple Loan Estimates from competing lenders to find your best deal.

You may want to have your Loan Estimate handy for any loan you are considering as you work through this booklet. We reference a sample Loan Estimate throughout the booklet to help you apply the information to your situation.

You can find more information about ARMs at cfpb.gov/about-arms. You'll also find other mortgage-related CFPB resources, facts, and tools to help you take control of the homebuying process.

About the CFPB

The Consumer Financial Protection Bureau regulates the offering and provision of consumer financial products and services under the federal consumer financial laws and educates and empowers consumers to make better informed financial decisions.

This booklet, titled Consumer Handbook on Adjustable Rate Mortgages, was created to comply with federal law pursuant to 12 U.S.C. 2604 and 12 CFR 1026.19(b)(1).

How can this booklet help you?

This booklet can help you decide whether an adjustable-rate mortgage (ARM) is the right choice for you and to help you take control of the homebuying process.

Your lender may have already provided you with a copy of Your Home Loan Toolkit. You can also download the Toolkit from the CFPB's Buying a House guide at cfpb.gov/buy-a-house/.

An ARM is a mortgage with an interest rate that changes, or "adjusts," throughout the loan.

With an ARM, the interest rate and monthly payment may start out low. However, both the rate and the payment can increase very quickly.

Consider an ARM only if you can afford increases in your monthly payment—even to the maximum amount.

After you finish this booklet:

- You'll understand how an ARM works and whether it's the right choice for you. (page 2)
- You'll know how to review important documents when you apply for an ARM. (page 6)
- You'll understand the risks that come with different types of ARMs. (page 18)

Is an ARM right for you?

ARMs come with the risk of higher payments in the future that you might not be able to predict. But in some situations, an ARM might make sense for you. If you are considering an ARM, be sure to understand the tradeoffs.

TIP

Don't count on being able to refinance before your interest rate and monthly payments increase. You might not qualify for refinancing if the value of your home goes down or if something unexpected damages your financial situation, like a job loss or medical costs.

Learn about how ARMs work

As you decide whether to move ahead with an ARM, you should understand how they work and how your housing costs can be affected.

Interest rate = index + margin

The interest rate on an ARM has two parts: the index and the margin.

INDEX

An **index** is a measure of interest rates generally that reflects trends in the overall economy. Different lenders use different indexes for their ARM programs.

Common indexes include the U.S. prime rate and the Constant Maturity Treasury (CMT) rate. Talk with your lender to find out more about the index they use, which is also shown on your Loan Estimate.

MARGIN

The **margin** is an extra percentage that the lender adds to the index.

You can shop around to different lenders to find the lowest combination of the index plus the margin. Your Loan Estimate shows the index and the margin being offered to you.

Changes to initial rate and payment

The *initial* interest rate and *initial* principal and interest payment amount on an ARM remain in effect for a limited period.

So, when you see ARMs advertised as 5/1 or 5/6m ARMs:

- The first number tells you the length of time your initial interest rate lasts.
- The second number tells you how often the rate changes after that.

For example, during the first five years in a 5/6m ARM your rate stays the same. After that, the rate may adjust every six months (the 6m in the 5/6m example) until the loan is paid off. This period between rate changes is called the **adjustment period**. Adjustment periods can vary. Some last a month, a year, or like this example, six months.

For some ARMs, the initial rate and payment can be very different from the rates and payments later in the loan term. Even if the market for interest rates is stable, your rates and payments could change a lot.

Use your Loan Estimate to understand your ARM

When you apply for a mortgage, the lender gives you a document called a **Loan Estimate**. It describes important features of the loan the lender is offering you. This section illustrates the parts of a Loan Estimate that are specific features of ARM loans. An interactive, online version of a Loan Estimate sample is available at: cfpb.gov/arm-explainer/

INTEREST RATE

The Loan Estimate shows the *initial* interest rate you pay at the beginning of your loan term. This row also shows how often your rate can change and how high it can go.

MONTHLY PRINCIPAL & INTEREST

The Loan Estimate shows the *initial* monthly principal and interest payment you'll make if you accept this loan. Your **principal** is the money that you originally agreed to pay back on your loan. **Interest** is a cost you pay to borrow the principal. The initial principal and interest payment amount for an ARM is set only for the initial period and may change after that.

THE TALK

You might hear, "An ARM makes sense because you can refinance the loan before your interest rate and monthly payment increase."

Ask yourself, a spouse, or a loved one:

"What if the market value of the home goes down?"

"What if our financial situation or our credit score gets damaged by something unexpected like a job loss or illness?"

"If we can't refinance at a better rate, can we afford the maximum interest rate and payment increase under this loan?"

PRINCIPAL & INTEREST

The monthly principal and interest payment on your ARM is likely to change after the initial period. Review this section to see how your payment can change based on your loan’s interest rate.

ESTIMATED TOTAL MONTHLY PAYMENT

Review this row to see the total minimum and maximum monthly payments. The payments include mortgage insurance, property taxes, homeowners insurance, and any additional property assessments or other escrow items. Learn more about these mortgage terms at cfpb.gov/mortgage-terms/

Keep in mind that other parts of your monthly and annual housing costs can change, such as your property taxes and homeowners insurance payments.

THE TALK

Talk over how your financial life could be affected if your ARM monthly payment increases. In future years, you might face money decisions like:

- Job changes
- School or other education expenses
- Medical needs and expenses

Because ARM adjustments are unpredictable, you might have less or more financial flexibility for other parts of your life.

Adjustable Interest Rate (AIR) table

You should read and understand the AIR table calculations before committing to an ARM. It's important to know how your interest rate changes over the life of your loan.

INDEX + MARGIN

Your lender is required to show you how your interest rate is calculated, which is determined by the index and margin on your loan. See page 2 of this booklet for more about index and margin.

INITIAL INTEREST RATE

This is the interest rate at the beginning of your loan. The initial interest rate changes to the index plus the margin at your first adjustment (subject to the limits on interest rate changes). Your loan servicer tells you your new payment amount seven to eight months in advance, so you can budget for it or shop for a new loan.

MINIMUM/MAXIMUM INTEREST RATE

This shows how low or high your interest rate could be over the life of your loan. Generally, an ARM's interest rate is never lower than the margin.

CHANGE FREQUENCY

This indicates when the interest rate on your loan will change. Your loan servicer sends you advance notices of changes.

LIMITS ON INTEREST RATE CHANGES

This shows the highest amount your interest rate can increase when there is a change.

! "TEASER" RATES

Some lenders offer a "teaser," "start," or "discounted" rate that is lower than their fully indexed rate. When the teaser rate ends, your loan takes on the fully indexed rate. Don't assume that a loan with a teaser rate is a good one for you. Not everyone's budget can accommodate a higher payment.

Consider this example:

- A lender's fully indexed rate is 4.5% (the index is 2% and the margin is 2.5%).
- The loan also features a "teaser" rate of 3%.
- Even if the index doesn't change, your interest rate still increases from 3% to 4.5% when your teaser rate expires.

My best loan offer is: _____

THE TALK

You are in control of whether or not to proceed with an ARM. If you prefer to proceed with a fixed-rate mortgage, here is one way to start the conversation with a lender:

"A fixed-rate mortgage seems to be a better fit for me. Let's talk about what you can offer and how it compares to other loans I may be able to get."

Review your lender's ARM program disclosure

Your lender gives you an ARM program disclosure when they give you an application. This is the lender's opportunity to tell you about their different ARM loans and how the loans work. The index and margin can differ from one lender to another, so it is helpful to compare offers from different lenders.

Generally, the index your lender uses won't change after you get your loan, but your loan contract may allow the lender to switch to a different index in some situations.

GATHER FACTS

Review your program disclosure and ask your lender questions to understand their ARM loan offerings:

- ☐ How are the interest rate and payment determined?
- ☐ Does this loan have interest-rate **caps** (that is, limits on interest rate changes)?
- ☐ How often do the interest rate and payment adjust?
- ☐ What index is used and where is it published?
- ☐ Is the initial interest rate lower than the fully indexed rate? (see "Teaser rates," on page 12)
- ☐ What type of information is provided in notices of adjustment and when do I receive them?

Ask about other options offered by your lender

Conversion option

Your loan agreement may include a clause that lets you convert the ARM to a fixed-rate mortgage in the future.

When you convert, the new rate is generally set using a formula given in your loan documents. That fixed rate may be higher or lower than interest rates available to you in the market at that time. Also your lender may charge you a conversion fee. Ask your lender whether the loan you are being offered has a conversion feature and how it works.

Special features

You can shop around to understand what special ARM features may be available from different lenders.

Not all programs are the same. Talk with your lender to find out if there's anything special about their ARM programs that you may find valuable.

Check your ARM for features that could pose risks

Some types of ARMs have features that can reduce your payments in the short term but may include fees or the risk of higher payments later. Review your loan terms and make sure that you understand the fees and how your rate and payment may change. **Lower payments at the beginning could mean higher fees or much higher payments later.**

Paying points to reduce your initial interest rate

Lenders can offer you a lower rate in exchange for paying loan fees at closing, or **points**.

With an ARM, paying points often reduces your interest rate only until the end of the initial period—the reduction most likely does not apply over the life of your loan.

If you are using an ARM to refinance a loan, points are often rolled into your new loan amount. You might not realize you are paying points unless you look carefully. Points are disclosed on the top of Page 2 of your Loan Estimate.

Lenders may give you the option to pay points, but you never have to take that option. To figure out if you have a good deal, compare your cost in points with the amount that you will save with a lower interest rate.

Loan Costs

A. Origination Charges	\$3,160
1% of Loan Amount (Points)	\$2,160
Application Fee	\$500
Processing Fee	\$500

Example of "Loan costs" section. Find this on page 2 of your own Loan Estimate

THE TALK

If your Loan Estimate shows points, ask your lender:

- "What is my interest rate if I choose not to pay points?"
- "How much money do I pay in points? And, compared to the total reduction in my payments during the initial period, am I coming out ahead?"
- "Can I see a revised Loan Estimate with the points removed and the interest rate adjusted?"

Interest-only ARMs

With an interest-only ARM payment plan, you pay only the interest for a specified number of years. During this interest-only period, you have smaller monthly payments, but you are not paying anything toward your mortgage loan balance.

When the interest-only period ends, your monthly payment increases—even if interest rates stay the same—because you must start paying back the principal plus the interest each month. Your monthly payments can increase a lot. The longer the interest-only period, the more your monthly payments increase after the interest-only period ends.

Payment option ARMs

Payment option ARMs were common before 2008 when the housing crisis began, and some lenders might still offer them.

A payment option ARM means the borrower can choose from different payment options, such as:

- A traditional principal and interest payment
- An interest-only payment (see above)
- A minimum payment, which could result in negative amortization

Negative amortization happens when you are not paying enough to cover all of the interest due. Your loan balance goes up instead of down.

GATHER FACTS

Learn more information about payment option ARMs and negative amortization at:

- cfpb.gov/payment-option-arm/
- cfpb.gov/negative-amortization/

WELL DONE!

Choosing the right home loan is just as important as choosing the right home. By equipping yourself with knowledge about ARMs, you can decide whether or not this type of loan is the right choice for you.

Consumer Handbook on Adjustable-Rate Mortgages

ASK YOUR LENDER

- How high can my payment go?
- How high can my interest rate go?
- How long is my initial principal and interest payment guaranteed?

ASK YOURSELF

- Have I shopped around to compare ARMs and fixed-rate loans?
- If an ARM has a lower initial interest rate than a fixed-rate mortgage, is paying less money now worth the risk of an increase later?
- Can I afford the highest payment possible with the ARM if I can't sell the home, or refinance into a lower rate, before the increase?

Adjustable Rate Mortgage Loan Program Disclosure

10 Year 5 Year Arm Disclosure

This is not a contract nor a commitment to lend.

This disclosure describes the features of the adjustable-rate mortgage (ARM) program you are considering. Information on other ARM programs are available upon request.

This disclosure does not constitute a commitment to make a loan to you. If you eventually obtain a loan, the note, security instrument and related documents will establish your legal rights and obligations regarding the loan.

How your interest rate and payment are determined:

- Your interest rate will be based on an index plus a margin and rounding the result to the nearest one-eighth of one percent (.125%).
- Your payment will be based on the interest rate, loan balance, and loan term.
- The interest rate will be based on on corporate loans posted by at least 70% of the 10 largest U.S. banks known as the Wall Street Journal U.S. Prime Rate (Wall Street Journal U.S. Prime Rate) plus our margin, rounded to the nearest .125 percent. Ask us for our current interest rate plus our margin.
- Information about the index is published daily in the Wall Street Journal
- Your initial interest rate is not based on the index used to make later adjustments. Ask us for the amount our adjustable rate mortgages are currently discounted. Ask for our current interest rate and margin.
- Your index will be the most recent figure available as of the date 45 days before each Change Date. If the Index is discontinued, we may use a comparable index.

How your interest rate can change:

- Your interest rate is fixed for the first 60 months(s), after which the interest rate can change every 60 months to the index value plus the margin, subject to the limits below.
- Your interest rate cannot increase or decrease by more than 1.000 percentage points at each adjustment.
- Your interest rate will never be less than 4.000%
- Your interest rate cannot increase more than 1.00 percentage point(s) above the initial interest rate over the term of the loan.

How your payment can change:

- Your payment can change every 60 months based on changes in the interest rate.
- Your payment may increase or decrease substantially depending on changes in the interest rate.
- You will be notified at least 210, but no more than 240, days before the first payment at the adjusted level is due after the initial interest rate adjustment of the loan. This notice will contain information about the adjustment, including the interest rate, payment amount, and loan balance.
- You will be notified at least 60, but no more than 120, days before the first payment at the adjusted level is due after any interest rate adjustment resulting in a corresponding payment change. This notice will contain information about the adjustment, including the interest rate, payment amount, and loan balance.
- For example, on a \$10,000 ten-year loan with an initial interest rate of 7.750%, (the index plus margin of 0.500% in effect on Jan 12, 2024, adjusted by the amount of the discount) the maximum amount that the interest rate can rise under this program is 1.000 percentage points, to 8.750%, and the monthly payment can rise from a first-year payment of \$120.01 to a maximum of \$122.87 in the sixth year.
To see what your payment would be, divide your loan amount by \$10,000; then multiply the monthly payment by that amount. For our example, the monthly payment for a loan amount of \$60,000 would be $\$60,000 / \$10,000 = 6$, and $6 \times \$120.01 = \720.06 per month.

Additional features:

- This loan does not have a conversion option to a fixed interest rate.
- This loan does not contain a demand feature.

Adjustable Rate Mortgage Loan Program Disclosure

15 Year 5 Year Arm Disclosure

This is not a contract nor a commitment to lend.

This disclosure describes the features of the adjustable-rate mortgage (ARM) program you are considering. Information on other ARM programs are available upon request.

This disclosure does not constitute a commitment to make a loan to you. If you eventually obtain a loan, the note, security instrument and related documents will establish your legal rights and obligations regarding the loan.

How your interest rate and payment are determined:

- Your interest rate will be based on an index plus a margin and rounding the result to the nearest one-eighth of one percent (.125%).
- Your payment will be based on the interest rate, loan balance, and loan term.
- The interest rate will be based on the base rate on corporate loans posted by at least 70% of the 10 largest U.S. banks known as the Wall Street Journal U.S. Prime Rate (Wall Street Journal U.S. Prime Rate) plus our margin, rounded to the nearest .125 percent. Ask us for our current interest rate plus our margin.
- Information about the index is published daily in the Wall Street Journal.
- Your initial interest rate is not based on the index used to make later adjustments. Ask us for the amount our adjustable rate mortgages are currently discounted. Ask for our current interest rate and margin.
- Your index will be the most recent figure available as of the date 45 days before each Change Date. If the Index is discontinued, we may use a comparable index.

How your interest rate can change:

- Your interest rate is fixed for the first 60 months(s), after which the interest rate can change every 60 months to the index value plus the margin, subject to the limits below.
- Your interest rate cannot increase or decrease by more than 1.000 percentage points at each adjustment.
- Your interest rate will never be less than 4.000%
- The interest rate cannot increase more than 2.00 percentage points above the initial interest rate over the term of the loan.

How your payment can change:

- Your payment can change every 60 months based on changes in the interest rate.
- Your payment may increase or decrease substantially depending on changes in the interest rate.
- You will be notified at least 210, but no more than 240, days before the first payment at the adjusted level is due after the initial interest rate adjustment of the loan. This notice will contain information about the adjustment, including the interest rate, payment amount, and loan balance.
- You will be notified at least 60, but no more than 120, days before the first payment at the adjusted level is due after any interest rate adjustment resulting in a corresponding payment change. This notice will contain information about the adjustment, including the interest rate, payment amount, and loan balance.
- For example, on a \$10,000 fifteen-year loan with an initial interest rate of 7.750%, (the index plus margin of 0.500% in effect on Jan 12, 2024, adjusted by the amount of the discount) the maximum amount that the interest rate can rise under this program is 2.000 percentage points, to 9.750%, and the monthly payment can rise from a first-year payment of \$94.13 to a maximum of \$102.56 in the sixth year.
To see what your payment would be, divide your loan amount by \$10,000; then multiply the monthly payment by that amount. For our example, the monthly payment for a loan amount of \$60,000 would be $\$60,000 / \$10,000 = 6$, and $6 \times \$94.13 = \564.78 per month.

Additional features:

- This loan does not have a conversion option to a fixed interest rate.
- This loan does not contain a demand feature.
